DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 9 – 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Applicant's admitted prior art and Hu et al. in view of Hodges et al.
3. With respect to claims 9 and 10, Hodges et al. show the formation of peripheral circuits for a memory device that uses MOS structures (see Pages 368, 369) which includes both I/O and internal functions and it would be obvious to use the DTMOS devices for these structures for the advantages shown.
4. With respect to claim 11, it would be obvious to use the DTMOS devices for these structures for the advantages shown.

Allowable Subject Matter

5. Claims 2, 3 and 5 – 7 are allowed.

Response to Arguments

6. Applicant's arguments, filed 7/3/0, with respect to claims 2, 3, 5 - 7 have been fully considered and are persuasive. The rejection of these claims has been withdrawn.
7. Applicant's arguments with respect to claim 9 state that the functional limitations would carry weight but note (see MPEP 2114 and the case law quoted there) that apparatus claims must be structurally distinguishable from the prior art. Since the function claimed does not distinguish over the prior art, the rejection is proper and stands. Note however, that further arguments are provided above.

Art Unit: 2814

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
